

## Frontend - Software Engineer (Internship)

We at Buyhatke aim to give the ultimate user experience on any transactions online; be it online shopping, flight or train ticket booking, purchases or even crypto transactions. As we grow, we continue to expand our portfolio of products and services with new offerings like Buyhatke, **Bitbns**, Salesla, UseMyCards, Tatkaforsure and more.

**Bitbns** is India's most liquid crypto exchange. With over 4.8 million users bitbns has seen rapid growth over time. Bitbns has built global first products around web3. Launchonascend.com bitdroplet.com/dapp to name a few. We are working on building some ambitious web3 products and would love for folks keen to join us.

### Roles & Responsibilities:

- ✓ Develop fast, easy-to-use, web-based applications running on both desktop and mobile browsers, and hybrid in-app pages.
